Portfolio Manager	Henrik Wold Nilsen

* Includes NOK and SEK funds

Henrik Wold Nilsen, Senior Portfolio Manager

- ❖ Joined Storebrand Asset Management in 2010
- ❖ Masters in theoretical high energy physics (University of Bergen, 2005)
- ❖ Doctorate in experimental high energy physics (University of Freiburg, Germany, 2009)
- ❖ Post-doctoral position in Freiburg in connection with research lab CERN, Geneva (2009-2010)

ABOUT STOREBRAND

Storebrand Asset Management is Norway's largest private asset manager and a specialist in sustainable investing.

Rather than only applying ESG criteria to a proportion of assets, Storebrand believes sustainability must be implemented across entire portfolios. All assets are managed according to the industry-leading Storebrand Standard sustainability criteria.

Climate change poses a growing threat to our future, including the stability of our financial system¹. Global equity markets contain high carbon risk and fossil fuel exposures, meaning that traditional passive investments represent increasing unmanaged climate risks.

To address this problem, we have been managing sustainable index funds since 2005, successfully optimising portfolios to minimise climate risk and tracking error. Our funds' performance demonstrates that incorporating sustainability has not diminished returns.

INVESTMENT STRATEGY

[Storebrand Global ESG Plus](#) is a unique fossil-free global equity strategy which aims to provide long-term capital growth through a model-based portfolio of developed market equities. The fund is managed systematically and seeks to reproduce the risk and return profile of the MSCI World Index whilst excluding companies within fossil fuel related industries and with additional ESG criteria and sustainability focus.

Since inception over three years ago, the Norwegian-domiciled fund has provided index relative returns of +0.7% with 1.5% tracking error². The strategy seeks to provide a low-cost investment solution for the global climate emergency by using six key components:

DIVESTMENT

We exclude fossil fuels (>5% of sales) and companies with climate negative exposures (e.g. plastics and meat). The strategy is Paris-aligned and considers climate risk across the value chain.

GREEN SOLUTIONS

We allocate 10% of the portfolio to climate solutions companies, such as renewable energy, green transport, recycling, water and energy efficiency.

LOW CARBON FOOTPRINT

We optimise the fund, using full lifecycle emissions where possible, to minimise carbon exposure. The result is a portfolio with significantly lower carbon intensity than the benchmark³.

GREEN SOLUTIONS

We allocate <10% of the portfolio to climate solutions companies, such as renewable energy, green transport, recycling, water and energy efficiency.

LOBBYING

Companies are not passive actors in climate policy. We engage with but avoid investing in those lobbying against climate action, using data from InfluenceMap and other sources.

ESG SCORE

We have developed a proprietary ESG rating system to analyse over 4,500 companies, using qualitative and quantitative assessment of sustainability risks and opportunities.

INVESTMENT STRATEGY COMMENTARY¹

- After a first quarter of index-relative underperformance due to not investing in oil & gas, the second quarter at first glance seems uneventful with performance in-line with the benchmark. However, this masks large positive and negative contributions to relative returns from components of the fund's strategy.
- As in Q1, the largest negative contribution (-0.8%) came from the fossil fuel screen; -0.6% from not owning oil & gas companies and a further -0.3% from excluding fossil utilities. The MSCI Energy sector continued to rally during the quarter, outperforming the MSCI World Index by almost 30 percentage points in mid-June, before closing the quarter 13 percentage points ahead. The index weight for the GICS Energy Sector (oil & gas) is now 5.0%, up from 3.1% at year-end.
- While the fund lost 0.3% from not owning fossil utilities, it offset this by gaining 0.3% from non-fossil utilities. Most of this came from the fund's overweight in renewable electricity producers (+0.25%), with the balance (+0.05%) stemming from investments in electrical grid operators and water utilities.
- Following the Storebrand Standard exclusion list detracted 0.3% from the fund's relative return during the quarter; -0.1% from not investing in controversial weapons and -0.1% from not being exposed to tobacco companies. Both categories tend to outperform during turbulent markets, while the war in Ukraine has also improved the outlook for weapons producers.
- Until the period-end the fund followed screening lists sourced from ISS Ethix and Sustainalytics, in addition to the Storebrand Standard, covering breaches of international norms and conventions. These additional screens added 0.4% to relative performance in Q2, with nearly all of it coming from not owning Tesla. The ISS Ethix and Sustainalytics screens were removed from the fund's strategy at quarter-end (more information available on request).
- Being overweight pure-play climate solution companies added 0.1% to relative performance. Positive contributions came from Renewable Electricity and Green Transportation themes (both +0.2%). Conversely, Energy Efficiency and Recycling detracted 0.1% and 0.2%, respectively.
- The largest positive contribution to the fund's relative performance during Q2, and the effect that ensured performance in line with the benchmark despite continued, relative losses from the fossil fuels screen, was the ~90% of the fund which is invested in the broad global stock market which are neither screened companies, nor pure-play climate solutions. This part of the portfolio contributed +1.0% to relative performance during the quarter.
- Within this category, we prefer companies with attractive climate change properties, but a major driver of security selection and position sizing is the minimization of the fund's expected tracking error versus the MSCI World Index. Since the fund incurred relative losses from the investment screens, the gains from this bulk of the portfolio indicates that the fund's risk management strategy worked during Q2.

WHY INVEST IN STOREBRAND GLOBAL ESG PLUS?

- ❖ Core-holding strategy with broad and consistent climate adjustments
- ❖ Reduces climate risk by not investing in the fossil fuel value chain
- ❖ Increases exposure to climate solutions via 10% dedicated allocation
- ❖ Low carbon footprint
- ❖ High ESG score
- ❖ Systematic, risk-minimising portfolio construction, expected tracking error below 1%

Important Information

This is marketing communication and this document is intended for professional investors only.

Except otherwise stated, the source of all information is the Storebrand Luxembourg SICAV as at 30/06/2022.

Historical returns are no guarantee for future returns. Future returns will depend, inter alia, on market developments, the fund manager's skills, the fund's risk profile and subscription and management fees. The return may become negative as a result of negative price developments.

Future fund performance is subject to taxation which depends on the personal situation of each investor, and which may change in the future.

Storebrand SICAV is an investment company with variable capital (société d'investissement à capital variable) incorporated under the form of a société anonyme in the Grand Duchy of Luxembourg. It qualifies as a UCITS and falls under the supervision of the Luxembourg financial supervisory authority, Commission de Surveillance du Secteur Financier (the CSSF). Storebrand SICAV has appointed Fund Rock Management Company S.A. to act as its designated management company and further FundRock has appointed Storebrand and SKAGEN AS as its investment managers.

No offer to purchase shares can be made or accepted prior to receipt by the offeree of the fund's prospectus and KIID and the completion of all appropriate documentation. You can download more information including subscription/redemption forms, full prospectus, Key Investor Information Documents (KIID), General Commercial Terms, Annual Reports and Monthly Reports in English language from Storebrand's webpages (details available at www.storebrandfunds.co.uk).

Investors' rights to complain is made available to investors pursuant to our complaints handling policy and procedure. The summary of investor rights in English is available here: www.storebrandfunds.co.uk

The Storebrand SICAV may terminate arrangements for marketing under the Cross-border Distribution Directive denotification process.

The Storebrand SICAV has registered its 6 Sub-Funds (SKAGEN Kon-Tiki Lux, SKAGEN Focus Lux, SKAGEN Global Lux, SKAGEN m2 Lux, Storebrand Global Solutions Lux and Storebrand Global ESG Lux) for public distribution in Luxembourg, the UK, Germany, Austria, the Netherlands, Belgium and France.

Important Information for Luxembourg Investors

Storebrand SICAV has appointed Fund Rock Management Company S.A. to act as its designated management company. FundRock Management Company S.A.'s offices are located at: 33, rue de Gasperich, 5826 Hesperange, Grand Duchy of Luxembourg.

Important Information for UK Investors

The Storebrand SICAV has appointed SKAGEN AS UK Branch to act as Facility Agent and local representative in the UK. SKAGEN's London Office is located at 15 Stratton Street, London, W1J 8LQ. The SKAGEN AS UK Branch is authorised by Finanstilsynet and subject to limited regulation by the Financial Conduct Authority. Details about the extent of the authorisation and regulation by the Financial Conduct Authority are available on request. The SKAGEN AS UK Branch has temporary permission from the UK FCA to carry out its authorised activities under the UCITS Directive.

Important Information for German Investors

The Storebrand SICAV has appointed SKAGEN AS Branch Germany to act as Information Agent in Germany. SKAGEN AS's German Office is located in Barckhausstrasse 1, 60325 Frankfurt, Germany. The SKAGEN AS Branch in Germany acts as local market representative.

Important Information for Belgian Investors

The Storebrand SICAV has appointed Caceis Belgium SA/NV to act as the Financial Service Provider for the SICAV. Caceis Belgium SA/NV's offices are located at: Avenue du port 86C B320, 1000 Brussels Belgium.

Important Information for French Investors

The Storebrand SICAV has appointed CACEIS Bank as the Centralizing Correspondent for the SICAV. CACEIS Bank's offices are located at 1-3 Place Valhubert, F-75013 PARIS, France.

Important Information for Austrian Investors

The Storebrand SICAV has appointed Raiffeisen Bank International AG to act as Local Payin g- Information and Contact Agent for the SICAV. Raiffeisen Bank International AG's offices are located at Am Stadtpark 9, 1030 Vienna, Austria.
